For LISTOS campaign, 2018-08-20

Westport, CT site

[Lat,Lon: 41.1183, -73.3367 deg.]

Principal Investigator: Timothy Berkoff 757-864-3684

timothy.a.berkoff@nasa.gov

Data Manager: Guillaume Gronoff 757-864-5693

guillaume.p.gronoff@nasa.gov

Additional team members: William Carrion, Joseph Sparrow

WARNING: This lidar curtain is a provisional quick-look result, and can contain errors.

Please consult the NASA PI or Data Manager before use of this image.

Quality assured images and data can be made available upon request if they are not immediately available in the NASA LISTOS data archive under the Westport tab.

LMOL / Lidar

The Lidar performed nominally. The sky was very cloudy.

PRELIMINARY

NASA LaRC Ozone Lidar: LISTOS campaign, Westport CT Site
